KING & COUNTRY
AUTHORISED DEALER

AUSTRALIA AT WAR

FROM GALLIPOLI to Beersheba in the Middle East and on to Flanders fields in France Australia's "Diggers" won a fighting reputation second-to-none during the Great War.

Less than a quarter of a century later another generation of "Diggers" went off to fight. This time they battled their way across the desert sands of North Africa and through the jungles of South East Asia and the Pacific.

Here, at KING & COUNTRY we're proud to say that we have designed and produced more Australian soldiers in miniature... in action... and on parade... than any other toy soldier or military miniature maker in the world today!

Our figure collections can take you from Gallipoli and Beersheba to Tobruk and Benghazi... and many points in between.

Skillfully hand-cast in white metal and hand-painted all of our 1:30 scale pieces are produced in relatively small numbers to ensure their quality and... collectability... not only for today but for years to come.

Australian Infantry fight their way past a knocked-out British Mk.IV Tank which has been captured by the Germans and put back into action against its former owners.

THE TOY SOLDIER EXPERIENCE

Here in Australia, "The Toy Soldier Experience" is a dedicated King & Country Authorized Dealer that specializes in ALL of K&C's many diverse historic military and civilian ranges of historic figures, fighting vehicles and display accessories.

In addition "The Toy Soldier Experience" carries all of these K&C ranges in depth and can also source long-retired pieces to help complete a collection.
