PART B CLASSIFICATION, ANNUAL SALARY AND ASSIGNMENT OF DUTIES

10 JOB CLASSIFICATION AND DUTIES

10.1 The AWM is committed to ongoing employment, except in cases where either the Memorial’s funding and/or the project requires staffing of a different nature.

10.2 The AWM job classification structure as set out at Appendix 1 and 1.1 of this Agreement applies to employees and will remain in place for the duration of this Agreement.

10.3 The AWM will use appropriate local designators or job titles (as well as the corresponding APS classification level) to reflect the work and skills or qualifications required of its jobs for use internally and in recruitment activities. All local designators or job titles will be consistent with appropriate APS classification structures and standards and the Memorial’s work level standards and eligibility requirements.

10.4 Employees in broadbands as specified in Appendix 1.1 will have access to movement within their level as provided for in the Business Management Performance Feedback Scheme (BMPFS).

10.5 The Director may approve variations to an employee’s rate of pay within a classification and within a set of broadbanded classifications. Any such variations will be handled through the flexibility provisions outlined under Clause 14 of this Agreement.

10.6 The Executive Level 2 classification will retain a barrier as indicated in Appendix 1. Progression beyond this barrier will be limited to Executive Level 2 employees who are designated as Section Head and who have completed one year of satisfactory performance as a Section Head as assessed as part of the BMPFS.

11 ANNUAL SALARY ADJUSTMENT AND PAY POINT PROGRESSION

Annual salary at commencement

11.1 Upon the commencement of this Agreement employees whose previous APS Level pay points have been removed shall advance to the next new pay point above their previous pay point. Employees whose previous broadbanded classification pay points have been removed shall advance to the next pay point above appropriate to their professional or trade qualifications. This automatic advancement will not impact on the employees’ normal cycle of incremental advancement.

11.2 Where an employee commences work with the AWM or is promoted to a new role within the AWM, Annual Salary will be payable at the minimum pay point of the Annual Salary range applicable to the classification of the job, unless the Director authorises payment of Annual Salary above the minimum point in that Annual Salary range, having regard to the experience, qualifications and skills of the employee and his or her likely corporate contribution to the job at that pay point.

11.3 Where, at the time of engagement, an employee's Annual Salary is set at an incorrect pay point within the applicable Annual Salary scale, the Director may determine the payment of the employee's Annual Salary at the correct pay point.

Pay point progression

11.4 Employees' Annual Salary will be reviewed annually as part of the BMPFS and having regard to the employee's performance against agreed standards. The review of the employee's performance is to be completed at the end of each financial year.

11.5 Employees will carry forward existing pay point progression dates and subsequent progression to higher pay points (if applicable and after performance review) will occur after 12 months of continuous duty at the previous pay point level, or higher classification level.

11.6 Employees on temporary re-assignments of 12 months or longer will be eligible for advancement to the next highest Annual Salary point (if any) within the temporary classification. Employees will maintain this Annual Salary level for all subsequent periods of temporary re-assignment providing they begin within 12 months of the previous period.

11.7 Where a total of more than 30 calendar days of leave is taken within the preceding 12 months and that leave does not count as service, pay point progression will be deferred by a corresponding number of calendar days.

11.8 An employee, other than those bound by a traineeship or undertaking an apprenticeship will advance to the next pay point if they have:

- (a) participated in the BMPFS; and
- (b) met the requirements of their job and been assessed as "satisfactory" as part of the BMPFS process.

Annual salary adjustment

11.9 Employees, in recognition of their commitment to this Agreement and associated productivity initiatives, will receive increases to salary as shown in Appendix 1 of this Agreement. On 1 July 2013 an additional 'at risk' 0.25% will be paid subject to the following conditions being met:

- (a) the reduction in unscheduled absences of at least 2 days per FTE per annum for 2011 – 2012 and 2012 – 2013 calculated against the unscheduled rate for the AWM as at 30 June 2011.

Traineeships and apprentices

11.10 Trainees will be paid a percentage of the minimum salary for an adult APSL1, rounded to the nearest dollar, having regard to age, schooling completed and the predetermined average proportion of time to be spent in approved training. These percentages are set out in a table in Appendix 4.

11.11 The Director will determine a rate of pay applying to an employee undertaking an apprenticeship, having regard to the rate of pay which would apply under this Agreement for the work value of the job being performed.

11.12 Employees undertaking an apprenticeship or bound by a traineeship will not participate in the BMPFS.

Age rates of pay

11.13 Annual Salary for employees on age rates of pay will be adjusted annually on their birth date as specified in the rates set out at Appendix 1.

11.14 Employees on age rates will participate in the BMPFS but this will not be a consideration in determining their Annual Salary.

12 CALCULATION AND PAYMENT OF ANNUAL SALARY

12.1 Employees will be paid fortnightly instalments of their Annual Salary by electronic funds transfer into a financial institution account of their choice and the fortnightly instalment will be based on the following formula:

$$\text{Fortnightly pay} = (\text{Annual Salary} \times 12) / 313$$

13 FLEXIBLE ANNUAL SALARY PACKAGING

13.1 The AWM will offer flexible Annual Salary packaging to all ongoing employees and non-ongoing employees whose current period of engagement is over 12 months.

13.2 Any fringe benefit tax incurred as a result of the flexible Annual Salary packaging arrangement will be met by the employee on an Annual Salary sacrifice basis. The working arrangements of the flexible Annual Salary packaging arrangement will be set out in AWM policy that may be amended from time to time. The AWM will bear the administration costs of administering this part of the flexible Annual Salary packaging arrangements.

14 FLEXIBILITY

14.1 An employer and employee covered by this enterprise agreement may agree to make an individual flexibility arrangement to vary the effect of terms of the agreement if:

- (a) the arrangement deals with 1 or more of the following matters:
 - (i) arrangements about when work is performed;
 - (ii) overtime rates;
 - (iii) penalty rates;
 - (iv) allowances;
 - (v) remuneration; and/or
 - (vi) leave; and
- (b) the arrangement meets the genuine needs of the employer and employee in relation to 1 or more of the matters mentioned in paragraph (a); and
- (c) the arrangement is genuinely agreed to by the employer and the employee.

14.2 The employer must ensure that the terms of the individual flexibility arrangement:

- (a) are about permitted matters under section 172 of the *Fair Work Act 2009*; and
- (b) are not unlawful terms under section 194 of the *Fair Work Act 2009*; and
- (c) result in the employee being better off overall than the employee would be if no arrangement was made.

14.3 The employer must ensure that the individual flexibility arrangement:

- (a) is in writing; and
- (b) includes the name of the employer and employee; and
- (c) is signed by the employer and employee and if the employee is under 18 years of age, signed by a parent or guardian of the employee; and
- (d) includes details of:

- (i) the terms of this enterprise agreement that will be varied by the arrangement; and
 - (ii) how the arrangement will vary the effect of the terms; and
 - (iii) how the employee will be better off overall in relation to the terms and conditions of his or her employment as a result of the arrangement; and
- (e) states the day on which the arrangement commences and, where applicable, when the arrangement ceases.

14.4 The employer must give the employee a copy of the individual flexibility arrangement within 14 days after it is agreed to.

14.5 The employee or the Director may terminate the individual flexibility arrangement:

- (a) by giving no more than 28 days written notice to the other party to the arrangement; or
- (b) if the employee and the Director agree in writing — at any time.

14.6 The employer will report on the use of these arrangements to each meeting of the Workplace Relations Committee (WRC). That information will include the following (but without identifying any individual):

- (a) The number of flexibility arrangements.

14.7 In the event a request for a flexibility arrangement is not approved, the employer is required to advise the employee in writing, of the reasons why their request was not approved.

15 LOADING IN LIEU OF LEAVE – RATE OF ANNUAL SALARY – CASUAL EMPLOYEES

15.1 A casual employee who is required to attend for duty is entitled to be paid a 20% loading of their hourly rate of pay in lieu of public holidays on which the employee is not rostered to work and all paid leave entitlements other than long service leave. Such employees will accrue long service leave in accordance with the *Long Service Leave (Commonwealth Employees) Act 1976*. The loading is calculated in accordance with the employee's base annual salary rate.

16 SUPERANNUATION

16.1 The AWM will make compulsory employer contributions as required by the applicable legislation and fund requirements, to all AWM employees consistent with this Agreement.

16.2 If an employee exercises choice of superannuation funds and the chosen fund is an approved fund which:

- (a) can accept employer contributions by electronic fund transfer; and
- (b) for which there are no fees and costs to be borne by the AWM;

then the AWM will make employer contributions to the chosen fund at the maximum basic contribution for designated employers as specified in Part 2, Division 2 of the Deed to establish the PSSap (pursuant to section 10 of the *Superannuation Act 2005 (Cth)*).

16.3 The salary for Superannuation purposes for PSSap members of those who elect to access another fund under Super Choice will be calculated based on the staff members Ordinary Time Earnings (OTE) within the meaning of the Superannuation Guarantee (Administration) Act 1992, excluding the minimum payment cap and continuing payments for staff members 70 years or older (subject to the Fund accepting the contributions)

16.4 Employer contributions to the PSSap will be 15.4% of the employee's ordinary time earnings within the meaning of the Superannuation Guarantee (Administration) Act 1992. Employer contributions for employees in other accumulation schemes will be at the same rate as for employees in PSSap. Employer contributions will not be reduced by any other contributions made through salary sacrifice arrangements. This clause does not apply where a superannuation fund cannot accept employer superannuation contributions (e.g. unable to accept contributions for people aged over 75).

16.5 Paid Maternity Leave (excluding the Australian Government's *Paid Parental Leave Scheme*) will be considered to be normal OTE, consistent with clause 2.2.4 of the PSSap Deed.

16.6 Employer superannuation contributions will not be paid on behalf of employees during periods of unpaid leave that does not count as service (with the exception of Maternity Leave, Adoption Leave and Foster Carers Leave), unless otherwise prescribed by legislation.

16.7 Employees over the age of 70 will receive a superannuation allowance, where the AWM is not permitted by any Commonwealth law to pay all of the employer contribution to the employee's superannuation fund. The superannuation allowance payable to the employee will be equivalent to the gross amount the agency would have paid if the employee was entitled to receive employer superannuation contributions, less any contribution amount accepted to the employee's superannuation fund. This allowance will be taxable and will be paid fortnightly with salary. This allowance will not count as salary for any purpose.

17 ANNUAL SALARY ON REDUCTION

17.1 Where an employee is reassigned to duties at a lower classification, Annual Salary will be determined as though service at pay points which exceeded the minimum of the lower classification, was service in the lower classification. The provisions of clause 18 Temporary Re-assignment will operate in determining the pay point.

18 TEMPORARY VACANCIES

18.1 Temporary vacancies of up to 12 months will be filled by direct nomination of an appropriate employee by the Director unless the Director determines that advertisement of the vacancy is warranted.

19 TEMPORARY RE-ASSIGNMENTS

19.1 The level of payment for temporary re-assignments will generally be at the base Annual Salary point of the higher classification. However, where an employee is assigned new duties within or moves to, the AWM at the employee's existing classification, Annual Salary will be payable at the point of the AWM's Annual Salary range determined by the Director having regard to:

- (a) the nature of the duties which the employee is to be assigned;
- (b) work level standards;
- (c) the experience, qualifications and skills of the employee; and
- (d) the Annual Salary payable to the employee in respect of the duties they performed before the new duties were assigned or they were moved.

19.2 Where an employee from another Agency is temporarily assigned duties in the AWM which have a higher classification than the duties performed by the employee in the other Agency, Annual Salary will be payable at the minimum point of the AWM pay point applicable to the classification of the employee unless the Director authorises payment above the minimum point in that Annual Salary range, having regard to the same considerations outlined in clause 20.1.

19.3 Where the classification of an employee is reduced, on either a temporary or ongoing basis, Annual Salary will be determined by the Director having regard to the same considerations outlined in clause 20.1.

19.4 Where an employee requests in writing to perform work temporarily at a lower classification level, the Director may determine in writing that the employee will be paid Annual Salary at a pay point applicable to the lower level for the period specified in the request.

19.5 Where an employee agrees to undertake a temporary re-assignment at a higher level for a continuous period of 10 working days (inclusive of public holidays) or more, the employee will be paid their Annual Salary for the full period at a rate agreed consistent with the work level standards for the temporary re-assignment.

19.6 Temporary re-assignments of less than 10 working days will be regarded as providing opportunities for development and will not attract an increase in Annual Salary. However, if a period initially assessed as less than 10 days extends to or beyond 10 days the employee will be paid at the increased rate of pay for the whole of the period.

19.7 The Director may also approve payment at a higher pay point where there is a pattern of regular performance in the same higher level job: for example, an employee required to work in a higher position regularly over a set period (e.g. six months) will be eligible for payment for all days in excess of the first 10 within a calendar year.

19.8 Temporary re-assignment periods will not be artificially adjusted to avoid payment for the temporary re-assignment.

19.9 Employees who undertake temporary re-assignments at the SES level will be subject to such pay and conditions as determined by the Director and included in the policy of SES Annual Salary.

19.10 An employee will continue to receive payment at the temporary re-assignment rate whilst on paid leave and during public holidays for the period that the temporary re-assignment would have continued but for the leave or the public holiday.

PART C PEOPLE MANAGEMENT

20 BUSINESS MANAGEMENT AND PERFORMANCE FEEDBACK SCHEME

20.1 The parties agree to the continuation of the BMPFS. The working arrangements of BMPFS are set out in the policy and may be amended from time to time.

20.2 The BMPFS, combined with regular constructive feedback on work performance, will provide the framework for managing employee performance within the AWM. Individual work responsibilities will be drawn from the Business Plan and be set out in Performance Agreements. Performance Agreements will provide the basis for discussing work performance.

21 MANAGING UNDER-PERFORMANCE

21.1 If a Section Head makes an assessment that an employee's performance is "unsatisfactory", the Section Head will immediately advise the employee and attempt to assist the employee to improve their performance through constructive feedback, coaching, development plans and other methods.

21.2 If performance continues to fall below the satisfactory standard the Section Head will:

- (a) advise the employee in writing that their performance has been found unsatisfactory (Note: this may occur at any point, e.g. at once, at the mid-year review or at the end of year assessment); and

- (b) request the Director to appoint a joint internal panel (comprising one management representative and a nominated review officer) to prepare a performance improvement plan for the employee and to monitor the plan over two months.

21.3 At the end of the two month period the review panel will forward to the relevant Assistant Director an assessment of whether the employee has been assessed as meeting the "satisfactory" standard of performance and whether he/she is likely to be able to maintain that standard, together with the employee's comments and any other relevant information.

21.4 If the Assistant Director determines the employee has met the required standard of "satisfactory" at the end of the two-month period and is satisfied that he/she will be able to maintain it, no further action will be taken. The employee will then revert to the normal assessment of his/her performance under the BMPFS.

21.5 If a further review of under-performance is required within 12 months the process may be recommenced. Where possible, the original review panel will undertake the review, however, if this is not feasible or appropriate a new panel will be convened. Taking into account previous and current material, the panel will forward a recommendation to the Assistant Director for consideration within a one month period.

21.6 If the Assistant Director assesses the employee as having failed to meet the "satisfactory" standard at the end of the assessment period (or supplementary review period), the Assistant Director may issue a notice of intention to:

- (a) terminate the employment of the employee;
- (b) re-assign the duties of the employee; or
- (c) reduce the employee's APS classification.

The employee will have seven days to show cause why this action should not be taken.

21.7 At the end of the seven days, the Assistant Director, having considered any representations submitted, may issue a notice of termination or affect the re-assignment of the duties or reduction in classification of the employee.

21.8 A person of their choice may accompany an employee at any stage of these procedures.

22 REVIEW OF DECISIONS TO TERMINATE EMPLOYMENT

22.1 The sole and exhaustive rights and remedies of an employee in relation to termination of employment are those that the employee has available under:

- (a) this Agreement;
- (b) part 3.2 of Chapter 3 and Part 6.4 of Chapter 6 of the *Fair Work Act*;
- (c) other Commonwealth laws (including the Constitution and Administrative Decisions (Judicial Review)); and
- (d) common law.

22.2 Termination of employment, or a decision to terminate employment, cannot be reviewed under the dispute avoidance and settlement procedures addressed in clause 44 of this Agreement.

22.3 Nothing in this Agreement prevents the Director from terminating the employment of an employee for serious misconduct, without further notice or payment in lieu, in accordance with subsection 123(1)(b) of the *Fair Work Act*, subject to compliance with the procedures established by the Director for determining whether an employee has breached the Code of Conduct under section 15 of the *Public Service Act*.

23 TERMINATION OF NON-ONGOING EMPLOYMENT

23.1 If a non-ongoing engagement is terminated before the expiry of the specified period of engagement because:

- (a) the duties for which the employee was engaged are no longer available;
- (b) the duties in relation to which the employee was engaged have been completed ahead of time; or
- (c) a decision has been made that the duties are no longer required to be performed;

the employee may be entitled to compensation in respect of the period of service foregone and will not be entitled to other damages or compensation in respect of, or arising out of, the termination.

PERIOD OF SERVICE FOREGONE	COMPENSATION
At least 1 year but less than 2 years	4 weeks annual salary
At least 2 years but less than 3 years	6 weeks Annual Salary
At least 3 years but less than 4 years	7 weeks Annual Salary
At least 4 years but less than 5 years	8 weeks Annual Salary
At least 5 years but less than 6 years	10 weeks Annual Salary
At least 6 years but less than 7 years	11 weeks Annual Salary
At least 7 years but less than 8 years	13 weeks Annual Salary
At least 8 years but less than 9 years	14 weeks Annual Salary
At least 9 years but less than 10 years	16 weeks Annual Salary
At least 10 years	12 weeks Annual Salary

24 EXCESS EMPLOYEES

24.1 For the purposes of this clause, an employee is excess if:

- (a) the employee is included in a class of employees in the AWM, which class comprises a greater number of employees than is necessary for the efficient and economic working of AWM;
- (b) the services of the employee cannot be effectively used because of technological or other changes in the work methods of AWM or structural or other changes in the nature, extent or organisation of the functions of AWM; or
- (c) where the duties usually performed by the employee are to be performed at a locality other than Canberra or its immediate surrounds, the employee is not willing to perform duties at the locality and the Director has determined that these provisions apply to that employee.

Consultation process

24.2 The following procedures will apply to the consultation process in relation to excess employees.

24.3 When the Director is aware that an employee is likely to become excess to requirements, the Director will advise the employee of the situation.

24.4 The Director will take such action as is reasonable to assess the redeployment prospects of potentially excess employees.

24.5 Discussions with the potentially excess employees and/or their representative will be held to consider:

- (a) redeployment opportunities, taking into account the Director's assessment, for the employees concerned; and
- (b) whether employees are interested in voluntary retrenchment.

24.6 An Employee who has been advised by the Director that they are likely to be excess to requirements, may choose to be represented in any discussions with the Director.

24.7 The Director may, prior to the conclusion of these discussions, invite employees who are not potentially excess to express interest in voluntary termination, where those terminations would permit the redeployment of employees who are potentially excess.

24.8 The period of these discussions will not exceed one month (or lesser period as agreed).

Declaring employees to be excess to requirements

24.9 The Director will advise relevant employees, in writing, that they are excess to the requirements of the Agency. The employee will also receive, in writing, a once-only invitation to elect for voluntary retrenchment.

24.10 The Director will not advise an employee that he or she is excess until the discussions referred to in clause 25.5 have occurred.

Voluntary retrenchment

24.11 Where the Director invites an excess employee to do so, the individual will have one month to elect for voluntary retrenchment. The Director will not give notice of termination before the end of that period or until such election is received (in circumstances where the election is received before the end of that period).

24.12 Where an employee has not already received the following information, within that month the AWM will assist the employee in gaining information on the:

- (a) amount of severance pay, pay in lieu of notice and paid up leave credits;
- (b) amount of accumulated superannuation contributions;
- (c) options open to the employee concerning superannuation;
- (d) taxation rules applying to the various payments; and
- (e) financial counselling.

24.13 Where the Director invites an excess employee to accept voluntary retrenchment, the parties bound by this Agreement agree that the Director may also invite the excess employee to accept an accelerated separation option. This option provides, in addition to the severance benefit, a payment of two weeks Annual Salary in lieu of any further consultation where the excess employee agrees to termination of employment, and the employment is so terminated within 14 days of receiving an offer of voluntary retrenchment.

Period of notice

24.14 Where the employee agrees to be voluntarily retrenched, the Director can approve the individual's termination and upon approval will give the Notice of Termination required under section 29 of the *Public Service Act*. The period of notice will be in accordance with the *Fair Work Act*.

24.15 Where an employee terminates or is terminated at the beginning of, or within, the notice period, he or she will receive payment in lieu of notice for the unexpired portion of the notice period. The amount of the payment includes ordinary wages, anticipated overtime or shift allowances and other allowances the employee would have received if they had

continued to work in accordance with their usual arrangements until the end of the notice period.

Severance benefit

24.16 An employee who accepts voluntary retrenchment, and is subsequently terminated under section 29 of the *Public Service Act* on the grounds of being excess to the requirements of the Agency, is entitled to be paid a sum equal to two weeks Annual Salary for each completed year of service, plus a *pro rata* payment for completed months of service since the last completed year of service subject to any minimum amount the employee is entitled to under the National Employment Standards.

24.17 For earlier periods of service to count as service, there must not be breaks between the periods of service except where:

- (a) the break in service is less than one month and occurs where an offer of employment with the new employer was made and accepted by the employee before ceasing employment with the preceding employer; or
- (b) the earlier period of service was with the APS and ceased because the employee was deemed to have resigned from the APS on marriage under the repealed section 49 of the *Public Service Act 1922*.

24.18 The minimum sum payable under clause 25.16 will be four weeks Annual Salary and the maximum sum payable shall be 48 weeks Annual Salary.

24.19 The severance benefit will be calculated on a *pro rata* basis where an employee has worked part-time hours during the period of service and the employee has less than 24 years full-time service in accordance with clause 25.20.

24.20 Having regard to clause 25.17, and subject to the clauses 25.18 and 25.19, service for severance pay purposes means:

- (a) service in the AWM;
- (b) Government service as defined in section 10 of the *Long Service Leave (Commonwealth Employees) Act 1976* (Cth);
- (c) service with the Commonwealth (other than service with a Joint Commonwealth-State body corporate in which the Commonwealth does not have a controlling interest) which is recognised for long service leave purposes;
- (d) service with the Australian Defence Forces;
- (e) APS service immediately preceding deemed resignation, under the repealed section 49 of the *Public Service Act 1922*, if the service has not been previously recognised for severance pay purposes;
- (f) service in another organisation where the employee was transferred from the APS to that organisation with a transfer of function; or an employee engaged by that organisation on work within a function is appointed as a result of the transfer of that function to the APS and such service is recognised for long service leave purposes.

24.21 Any period of service which ceased for the following reasons will not count as service for severance pay purposes:

- (a) the employee lacks, or has lost, an essential qualification for performing his or her duties; or
- (b) non-performance, or unsatisfactory performance, of duties; or
- (c) inability to perform duties because of physical or mental incapacity; or
- (d) failure to satisfactorily complete an entry level training course; or

- (e) failure to meet a condition imposed under subsection 22(6) of the *Public Service Act*, or a breach of the Code of Conduct; or
- (f) on a ground equivalent to a ground listed in five subparagraphs immediately above under the repealed *Public Service Act 1922*; or
- (g) through voluntary retirement at or above the minimum retiring age applicable to the employee; or
- (h) with the payment of a redundancy benefit or similar payment or an employer-financed retirement benefit.

24.22 Absences from work which do not count as service for long service leave purposes will not count as service for severance pay purposes.

Rate of payment – severance benefit

24.23 For the purpose of calculating any payment under redeployment, retirement and redundancy provisions, Annual Salary will include:

- (a) the employee's full-time Annual Salary adjusted on a pro rata basis for periods of part time service; or
- (b) the full-time Annual Salary of the higher position, adjusted on a pro rata basis for periods of part-time service, where the employee has been performing work at a higher level for a continuous period of at least 12 months immediately preceding the date on which the employee is given notice of termination; under section 29 of the *Public Service Act*, and
- (c) shift penalties, where the employee has undertaken shift work and is entitled to shift penalties for 50% or more of the pay periods in the 12 months preceding being given notice of termination. A weekly average of penalties due over the 12 months will be included in the Annual Salary; and
- (d) other allowances in the nature of Annual Salary which are paid during periods of annual leave and on a regular basis, excluding allowances which are a reimbursement for expenses incurred, or a payment for disabilities associated with the performance of duty.

Involuntary termination of employment and retention periods

24.24 If an excess employee cannot be re-employed and has been offered and has declined voluntary retrenchment, the Director may involuntarily terminate the employment of the excess employee at the end of a retention period.

24.25 Unless the individual agrees, the employment of an excess employee will not be involuntarily terminated until the following retention periods have elapsed:

- (a) nine months where the employee has 20 or more years of service or is over 45 years of age; or
- (b) three months for all other employees bound by this Agreement.

24.26 If the employee has elected not to accept voluntary retrenchment and a retention period applies, at the end of the retention periods in clause 25.25 above, no severance benefits are payable. The retention period will be reduced by an amount equivalent to the employee's National Employment Standards (NES) minimum redundancy pay period entitlement where the employee declines or does not respond to an offer of voluntary retrenchment made under clause 25.9.

24.27 The retention period will commence one month after the day on which the Director invites the employee to elect to be voluntary retrenched.

24.28 During the retention period the Director:

- (a) will continue to assist the employee to find alternative employment, including at the same classification level;
- (b) will consider AWM excess employees in isolation from and not in competition with other employees for advertised vacancies at the same classification level; and
- (c) after taking the above steps, may, if the employee has not been found alternative employment, with one month's notice, reduce the excess employee's Annual Salary level as a means of securing alternative employment for the excess individual. Where an excess employee is reduced in classification before the end of the appropriate retention period, they will continue to be paid at their previous level for the balance of the retention period. Their previous level will include the Annual Salary of a higher position, where the employee has been performing work at a higher level for a continuous period of at least 12 months immediately preceding the date on which he or she was reduced in Annual Salary level, provided the employee would have continued to act but for the excess employees situation. Their previous level will also include allowances or loadings in the nature of Annual Salary that are paid during periods of leave and on a regular basis.

24.29 During the retention period the employee:

- (a) will take reasonable steps to find alternative employment; and
- (b) will actively participate in learning and development activities, trial placements or other arrangements agreed to, to assist in obtaining a permanent placement.

24.30 The retention or notice periods relating to the reduction in classification of an excess employee or notice of involuntary termination will be extended by any continuous periods of over one week of certificated personal leave for illness or injury during these periods.

24.31 The excess employee will be provided with assistance in meeting reasonable travel and incidental expenses incurred in seeking alternative employment where these expenses are not met by the prospective employer.

24.32 Where the Director believes there is insufficient productive work available for an employee during the retention period, and there are no reasonable redeployment prospects for the employee, the Director may, with the agreement of the employee, terminate the employee's employment under section 29 of the *Public Service Act* and pay the balance of the retention period as a lump sum. This lump sum will comprise:

- (a) the balance of the retention period (as shortened for the NES under sub-clause 25.26 above) and this payment will be taken to include the payment in lieu of notice of termination of employment; and
- (b) an additional redundancy payment equal to the amount the retention period was shortened by under clause 25.26 above (i.e. the NES component).

24.33 The employment of an excess employee will not be terminated involuntarily if they have not been invited to elect for voluntary retrenchment or have elected for voluntary retrenchment but the Director refuses to approve it.

24.34 The employment of an excess employee will not be terminated involuntarily if there are other employees performing similar work at the same level in their location who have elected for voluntary retrenchment, been refused, and still wish to accept voluntary retrenchment.

24.35 An excess employee will be given four weeks notice (or five weeks for an individual over 45 years of age with at least five years of continuous service) where it is proposed that their employment will be involuntarily terminated.

24.36 The specified periods of notice will as far as practicable be concurrent with retention periods.

24.37 These Excess Employee provisions do not apply to ongoing employees on probation, or to non-ongoing employees.

25 RESIGNATION

25.1 The Director expects an employee to give reasonable notice of their resignation. Normally two weeks is acceptable unless special circumstances exist.

26 PEOPLE DEVELOPMENT PROGRAM

26.1 Consistent with the AWM's *People Development Plan*, the parties to this Agreement agree to develop and increase all AWM employees' skills and knowledge regardless of status continually with a focus on achieving AWM's Corporate Plan, and will do this by participating in formal and informal training and development activities. - (b) An employee may be granted Professional Leave of 12 months in order to undertake an approved course of study on 80 per cent of salary subject to the

employee agreeing to have his or her salary reduced by 20 per cent for a four year work period.

26.8 A Professional Leave arrangement over a longer period than that specified may be entered into by agreement.

26.9 Where the employee requests a professional leave program arrangement as noted above and is not required to attend duty during the leave period, the period of non-attendance shall constitute a break in service.

26.10 Where management, for retention purposes, offer a professional leave program to an employee, the period of non-attendance shall not constitute a break in service.

26.11 The employee will be required to enter into an agreement covering the terms and conditions of the professional leave.

26.12 The conditions of use will be set in a policy that will be developed in consultation with the Workplace Relations Committee.

Professional costs

26.13 The AWM recognises the benefits of membership of professional organisations and will reimburse membership fees and accreditation fees of up to \$500 per annum where a membership or accreditation from a professional association is an essential requirement for an employee to undertake their responsibilities for the AWM, or as agreed by the Director.

31.3 Overtime must be planned for in consultation with an employee's Section Head and affected employees taking into account the organisation requirements and the needs of the

employees in balancing their work and family commitments. Where the number of employees sufficient to meet the requirements cannot be met by alternative means, an employee may be directed to work a reasonable amount of overtime on any day due to operational requirements. Directions to perform overtime must be notified to the relevant Assistant Director.

- (a) it is performed on any day which is outside the normal rostered ordinary hours of duty on that day; or
- (b) it is performed in excess of the weekly hours of ordinary duty, or an average of the weekly hours of ordinary duty over a cycle of shifts.

31.6 Employees working authorised overtime who have a flex debit will not be eligible for overtime payment until the flex debit has been eliminated. Such debits are to be reduced by the period of overtime worked, with the reduction being calculated at the applicable overtime rate.

31.7 Employees working authorised overtime who do not have a flex debit may take their overtime entitlement as time off in lieu (TOIL), calculated at the applicable overtime rate. TOIL arrangements are as follows:

- (a) in considering whether TOIL is appropriate, employees and their Section Head will have regard to the employee's flex credits and TOIL will generally not be used if excess credits will be accumulated which cannot readily be taken;
- (b) prior to working overtime hours, employees and their Section Head are to specify when the TOIL will be taken;
- (c) in cases where employees and their Section Head cannot agree to a specified time to take TOIL, payment of overtime will be made; and

31.10 An employee's Annual Salary for the purposes of calculating overtime will include all allowances in the nature of Annual Salary.

31.11 The hourly rate for overtime will be calculated using the following formulas:

- (a) Time and a half:

Annual Salary/313 x 6/36.75 x 3/2

- (b) Double Time:
Annual Salary/313 x 6/36.75 x 2/1

31.12 A meal allowance may be payable to employees performing overtime subject to clause 34.6.

31.13 Where an employee reports for approved overtime duty, which is not continuous with ordinary duty, and the employee is not required to perform that duty, the employee will be paid for time spent travelling to and from duty plus one hour. The payment will be calculated in accordance with sub-clause 32.4 above (governing the rates) with a maximum payment of four hours.

31.14 Employees called on duty to meet an emergency situation and who had no notification prior to ceasing ordinary duty will be entitled either to payment of overtime or time off in lieu, with a minimum payment of one hour at the double time rate.

31.15 Employees required to work overtime who have not had at least 8 consecutive hours off duty plus reasonable travelling time:

35.5 Leave that an employee has accrued before the lodgement of this Agreement will be credited in line with the AWM's leave arrangements in existence at the time the leave entitlement was accrued.

Annual leave

35.6 Full time employees and employees whose ordinary rostered working hours are 73.5 per fortnight are entitled to 147 hours of paid annual leave per annum.

35.7 Rostered employees whose ordinary hours are 38 hours per week or 76 hours per fortnight are entitled to 152 hours of paid annual leave per annum.

35.10 Pro rata leave (this applies to those employees who have not completed a full calendar year or those employed on a part time basis) will be calculated according to the following formula:

$$\frac{A \times B \times C}{D}$$

A = standard number of hours per week for period.
B = number of calendar days to count as service in period.
Where C = a basic annual leave credit of four weeks.
D = number of calendar days in the year.

35.11 Employees will accrue an additional 0.5 day credit for each rostered Sunday worked, subject each year to a maximum of:

35.16 Annual leave may be granted to an employee who is unfit for duty where the employee has exhausted paid personal leave. In such cases the rules governing the taking of personal leave apply to annual leave.

35.17 Employees with at least three months service who have no annual leave credits may be advanced up to one week of the annual leave credit provided there is expectation of accrual. The maximum advance of leave will be based on the hours that the employee is working at the time of anticipation.

35.18 Annual leave counts as service for all purposes.

35.19 All annual leave entitlements accrued by AWM employees by virtue of their employment in the APS prior to the starting day of this Agreement are unaffected by this Agreement.

35.20 Employees who have two or more years annual leave credit on the 1st of August each year will, subject to the requirements of sub section 93(3) of the *Fair Work Act 2009*, be deemed to be on annual leave from 1 August until any excess credit has been eliminated.

35.21 In exceptional circumstances where an employee has excess annual leave credits and their Section Head has advised, in writing, that the employee is unable to avail themselves of this leave stating the reasons why, the employee and Section Head may seek the Director's approval for a new deeming date within the same calendar year.

35.22 Employees may elect, in writing, to cash-out up to a maximum of one week of excess credit as at the deeming date so long as the cash-out will not result in the employees accrued entitlement to annual leave being less than four weeks. The relevant Section Head must seek approval from the relevant Branch Head prior to approving a cash-out. In requesting approval, the Section Head must outline reasons why the employee is unable to avail themselves of the excess leave.

Payment in lieu

35.24 Payment made under clause 36.23 will be calculated using the employee's final rate of Annual Salary, including allowances that would have been included in the employee's pay during a period of annual leave. An employee is entitled to payment of any penalty allowance that would have been payable had the employee taken the period of leave.

Recrediting of annual leave

35.25 If an employee is recalled to duty during a period of annual leave, the employee is to be recredited with a period equivalent to the ordinary duty worked during the annual leave.

35.26 If an employee becomes ill during a period of annual leave, the employee may apply for personal leave and recrediting of annual leave on production of satisfactory medical evidence. Annual leave will be recredited to the extent of the period of personal leave granted. This provision is subject to a minimum of one full day.

This will commence on the first pay after the application to purchase leave is approved.

35.30 Applications for purchased leave will be considered having regard to the operational requirements of the AWM. To assist in this consideration, an application for purchased leave should include an indication of the period(s) during which the employee intends to use the purchased leave.

Employees, and where relevant their representatives will, following the provision of all relevant information, respond in a prompt manner consistent with the timeframes noted under the Terms of Reference for the WRC.

41.2 The AWM provides the corporate and business planning processes and team and Section meetings for continuing consultation and discussion and to seek comments and suggestions from employees about workplace matters.

Consultation

41.3 This term applies where a decision is made to introduce major changes in a work area that are likely to have significant effects on employees, other than where provision is already made elsewhere in this enterprise agreement regarding a specific major change.

41.4 Where a definite decision is made to introduce major changes in program, organisation, structure or technology that are likely to have significant effects on employees, the Agency Head must notify the employees who are likely to be affected by the proposed changes and their representatives, if any:

41.5 **Significant effects** include:

- (a) termination of employment;
- (b) major changes in the composition, operation or size of the Agency's workforce or in the skills required;
- (c) the elimination or diminution of job opportunities, promotion opportunities or job tenure;
- (d) significant alteration in hours of work;
- (e) the need to retrain employees;
- (f) the need to relocate employees to another workplace; and
- (g) the major restructuring of jobs.

41.6 The Agency Head must discuss with the employees affected and their representatives, if any, the introduction of the changes referred to in clause 2, the effects the changes are likely to have on employees and measures to avert or mitigate the adverse effects of such changes on employees and must give prompt consideration to matters raised by the employees and/or their representatives in relation to the changes.

41.7 The discussions must commence as early as practicable after a definite decision has been made to make the changes referred to in clause 2.

41.8 For the purposes of such discussion, the employees concerned and their representatives, if any, are to be provided in writing all relevant information about the changes including the nature of the changes proposed, the expected effects of the changes on employees and any other matters likely to affect employees. The Agency Head is not required to disclose confidential or commercially sensitive information to the employees.

Workplace Relations Committee (WRC)

41.9 A WRC will operate.

41.10 The AWM will consult the WRC on issues surrounding the implementation and operation of this Agreement and other issues affecting the employment conditions of employees. The Memorial will genuinely take into account the views of the WRC in the decision making process for implementing this Agreement. The AWM will allow a reasonable period for the WRC to consider issues consistent with the WRC terms of reference.

41.11 The AWM and its employees agree that the AWM will continue to undertake broader consultation with employees outside the WRC forum.

41.12 The WRC will be chaired by the Assistant Director Corporate Services and comprise:

- (a) four employees, nominated or elected by employees; one union official from each representative union; and
- (b) the Assistant Director Public Programs, the Assistant Director National Collections, and the Head of the People Management Section .

41.13 Access to appropriate facilities (including communications systems, office equipment and notice boards (not within public contact areas)) will be available to members of the WRC and members of working groups established by the WRC for WRC business.

41.14 Reasonable access to training will also be facilitated during work time where this does not affect the efficient operation of the employees work area.

Representation

41.15 Consistent with the *Fair Work Act 2009* all AWM employees are guaranteed freedom of association and are entitled to be represented by a person of their choice in discussions associated with workplace issues.

41.16 The parties recognise the AWM/CPSU workplace protocols for the life of this Agreement. Any suggested amendments by either party will be agreed by all parties before implementation.

41.17 The AWM recognises employee representational rights and workplace delegate rights and will provide facilities and resources for delegates to use on a reasonable basis and where facilities are available. This may include access to telephone, facsimile, photocopying, internet and email facilities, meeting rooms, lunch rooms, tea rooms and other areas where employees meet, for the purpose of carrying out work as a delegate and consulting with members and other interested employees and the union, subject to the agreed AWM/CPSU workplace protocols.

42 HEALTH AND SAFETY

42.1 The Director will comply with the health and safety obligations as detailed in the *Occupational Health and Safety Act 1991*. The Director agrees to:

- (a) Provide for eyesight testing at no more than two yearly intervals, unless symptoms occur which indicate that further testing is necessary, to all employees who, as an integral part of their duties, are required to operate Screen Based Equipment (SBE); and/or undertake specialised work tasks which require particular visual acuity not normally required for general tasks (e.g. microscopy).
- (b) Pay the full cost of the initial eyesight testing. If an employee is referred by the person conducting the test to an ophthalmologist for a condition related to the purpose for which they are being tested, the AWM would also pay for this referral.
- (c) Reimburse up to \$108 for single vision lenses and \$185 for bifocals where lenses are prescribed specifically for use with SBE (there will be no extra reimbursement for multifocal or trifocal lenses and visual correction which is recommended for general use, such as reading and driving).

- (d) Reimburse \$40 each two years on receipt of purchase of sunglasses for those staff required as part of their duties to perform those duties for extended periods in an outdoor environment.
- (e) Bi-annual hazardous chemical exposure testing including hearing will also be supported for employees whose duties involve use of hazardous chemicals or exposure to noise levels in areas where the recommended limits are exceeded, or where staff operate heavy machinery and the staff member requests testing.
- (f) Provide access to annual influenza vaccinations to staff at no cost to employees.
- (g) Provide access to specialist critical incident stress debriefing to employees as required.

PART G DISPUTE SETTLEMENT PROCEDURE

43 DISPUTES

43.1 If a dispute relates to a matter under this agreement, or the NES, the parties to the dispute must first attempt to resolve the matter at the workplace level by discussions between the employee or employees concerned and the relevant supervisor/manager:

43.2 If a resolution to the dispute has not been achieved after discussions have been held in accordance with clause 1, the parties to the dispute will endeavour to resolve the dispute in a timely manner either through discussions with more senior levels of management where appropriate or through alternative dispute resolution methods.

43.3 If discussions at the workplace level do not resolve the dispute, and all appropriate steps have been taken in accordance with clauses 1 and 2, a party to the dispute may refer the matter to Fair Work Australia.

43.4 Fair Work Australia may deal with the dispute in 2 stages:

- (a) Fair Work Australia will first attempt to resolve the dispute as it considers appropriate, including by mediation, conciliation, expressing an opinion or making a recommendation; and
- (b) if Fair Work Australia is unable to resolve the dispute at the first stage, Fair Work Australia may then:
 - (i) arbitrate the dispute; and
 - (ii) make a determination that is binding on the parties.

Note If Fair Work Australia arbitrates the dispute, it may also use the powers that are available to it under the Act.

A decision that Fair Work Australia makes when arbitrating a dispute is a decision for the purpose of Div 3 of Part 5.1 of the Act. Therefore, an appeal may be made against the decision.

43.5 The agency or an employee who is a party to the dispute may appoint another person, organisation or association to accompany and/or represent them for the purposes of this term.

43.6 Resolution of disputes is to occur in good faith by following the same principles as the good faith bargaining requirements at section 228 of the *Fair Work Act 2009*.

43.7 While the parties are trying to resolve the dispute using the procedures in this term:

- (a) an employee must continue to perform his or her work as he or she would normally unless he or she has a reasonable concern about an imminent risk to his or her health or safety; and
- (b) an employee must comply with a direction given by the Agency Head to perform other available work at the same workplace, or at another workplace, unless:
 - (i) the work is not safe; or
 - (ii) applicable occupational health and safety legislation would not permit the work to be performed; or
 - (iii) the work is not appropriate for the employee to perform; or
 - (iv) there are other reasonable grounds for the employee to refuse to comply with the direction.

43.8 The parties to the dispute agree to be bound by a decision made by Fair Work Australia in accordance with this term.

APPENDIX 2 – SUPPORTED WAGES FOR EMPLOYEES WITH A DISABILITY

Employment at lower than specified annual salary levels

1. Consistent with the social justice objectives of the APS, employees who have a disability to the extent that they meet the impairment criteria for the Disability Support Pension may be employed under this Agreement and be paid a supported Annual Salary, appropriate to the APS classification in which they are employed, at a rate below the Annual Salary levels prescribed in this Agreement.

Definitions

2. In this Attachment, the following definitions will apply:

‘Supported wage system’ means the Commonwealth Government System to promote employment for people who cannot work at full wages because of a disability.

‘Accredited assessor’ means a person accredited by the management unit established by the Commonwealth under the Supported Wage System to perform assessments for an individual’s productive capacity within the Supported Wage System.

‘Disability support pension’ means the Commonwealth pension scheme to provide income security for persons with a disability as provided for under the *Social Security Act 1991*, as amended from time to time, or any successor to that scheme.

‘Assessment instrument’ means the form provided for under the Supported Wage System that records the assessment of the productive capacity of the person to be employed under the Supported Wage System.

Eligibility criteria

3. Subject to the following two paragraphs, employees covered by these provisions will be those who are unable to perform the range of duties to the standard required at the work value level for which the employee is engaged under this Agreement, because of the effects of a disability on their productive capacity and who meet the impairment criteria for receipt of a Disability Support Pension.

4. The provisions in the Attachment do not apply to:

- (a) any existing employee who has a claim against the Commonwealth which is subject to the provisions of workers’ compensation legislation relating to the rehabilitation of employees who are injured in the course of their current employment; or
- (b) an employee in respect of whom funding has been provided under the *Disability Services Act 1986* for the dual role of service provider and sheltered employer.

Supported annual salary rates

5. Employees to whom the provisions in the Appendix apply will be paid the applicable percentage of the relevant Annual Salary rate prescribed below for the work value they are performing as follows, provided that the amount payable will not be less than \$75 per week.

Supported Annual Salary rates percentages

Assessed capacity	% of prescribed salary rate
10%*	10%*
20%	20%
30%	30%
40%	40%
50%	50%
60%	60%
70%	70%
80%	80%
90%	90%

Assessment of capacity

6. For the purpose of establishing the percentage of the Annual Salary rate to be paid to an employee under the provisions of this Attachment, the productive capacity of the employee will be assessed in accordance with the Supported Wage System and documented in an assessment instrument, by either:

- (a) the Director, in consultation with the employee; or, if desired by any of these,
- (b) the Director and an accredited assessor from a panel agreed by the employee.

* Where a person's assessed capacity is 10%, the employee will receive a high degree of assistance and support.

Lodgement of assessment

7. All assessment instruments, including the assessment of the percentage of the Annual Salary rate to be paid to the employee, will be lodged by the Director with Fair Work Australia. All assessment instruments will be agreed and signed by the employee and the Director.

Review of assessment

8. The assessment of the applicable percentage should be subject to annual review or earlier on the basis of a reasonable request for such a review. The process of review will be in accordance with the procedures for assessing capacity under the Supported Wages System.

Other terms and conditions of employment

9. Where an assessment has been made, the applicable percentage will apply to the Annual Salary rate only. Employees covered by the provisions of this Attachment will be entitled to the same terms and conditions of employment as all other employees covered by this Agreement paid on a *pro rata* basis.

Workplace adjustment

10. Where the Director employs a person under the provisions of this Appendix, reasonable steps to make changes in the workplace will be taken to enhance the employee's capacity to do the job. Changes may involve re-design of job duties, working arrangement and work organisation in consultation with other employees in the work group.

Trial period

11. In order for an adequate assessment of the employee's capacity to be made the Department may employ a person under the provisions of this Attachment for a trial period not exceeding 12 weeks, except that in some cases additional work adjustment time (not exceeding four weeks) may be needed.
12. During the trial period the assessment of capacity will be undertaken and the proposed Annual Salary rate for a continuing employment relationship will be determined.
13. The amount payable to the employee during the trial period shall be no less than \$75 per week.
14. Work trials should include induction or training as appropriate to the job being trailed.
15. Where the employee and the Director wish to establish a continuing employment relationship following the completion of the trial period, further employment arrangements will be based on the assessment outcome.

APPENDIX 3 – FORMULA TO CALCULATE SHIFT ALLOWANCE

The formula below calculates the percentage of Annual Salary that will constitute a shift allowance.

38 hours per week = 1983.6 hours per annum.
