

Service of Australian nurses from 1899 to 1975

Conflict	Date	Number who served (approximate)	Deaths
Boer War	1899–1902	60	1
First World War	1914–18	3,000	25
Second World War	1939–45	5,000	78
<u>BCOF</u> /Korean War	1946–53	140	0
Vietnam War	1962–75	350	1

- 1) Use the information in the table to create a graph illustrating:
 - i) the number of Australian nurses that served in each conflict
 - ii) the number of deaths in each conflict.

- 2) Use the above table and your graph and timeline to answer the following questions.
 - i) How many Australian military nurses lost their lives in war between 1899 and 1975?
 - ii) In which war did the **least** number of nurses serve?
 - iii) In which war did the **most** number of nurses serve?
 - iv) In which war did Australians lose the **highest** number of nurses? Why?

Where in the world have nurses served?

On a map of the world, mark the places that Australian nurses served during the Boer War, First World War and the Second World War.

In **red** mark the country Australian nurses served in during the Boer war

In **blue** mark the countries Australian nurses served in during the First World War

In **purple** mark the parts of the world Australian nurses served in during the Second World War
