

Research agents

The following people are willing to undertake research in the Memorial's Research Centre. Arrangements concerning conditions and fees should be made privately between enquirers and research agents. Areas of special interest, where advised, have been included.

The Memorial accepts no responsibility for work performed by research agents, and their inclusion in this list does not represent any form of accreditation by the Memorial.

Australasian Association of Genealogists and Record Agents

[www.aagra.asn.au]

Australasian Association of Genealogists and Record Agents (AAGRA) offers the services of reliable and competent genealogists and record agents to those wanting professional family history and genealogy services and general record searching.
